

The logo for Hill Pumps, featuring the word "Hill" in a bold, red, sans-serif font with vertical bars between the letters.

HILL PUMPS

A close-up photograph of a white plastic container pouring a thick, golden-yellow oil into a dark metal oil pan. The background is blurred, showing industrial machinery.

**MANUFACTURERS OF** OF  
**FLUID TRANSFER AND** AND  
**LUBRICATION EQUIPMENT** EQUIPMENT  
SINCE 1841

# HAND PUMPS

## Multi Fluid Lever Pump

- Ideal for Oil, Anti-Freeze, Diesel, Screenwash etc
- 3 strokes per Litre
- 2" BSP. Fits most drums

**P950-AVT**

## Rotary Oil Pump

- 30 Litres per minute
- 2" BSP. Fits most drums and tanks

**PI470-AAA**

## Chemical Hand Pump

- Ideal for screen wash, anti-freeze or diesel
- Adapters available to fit any drum

**P925-AVT**

## 20/25Ltr Drum Pump

- 100ml/stroke
- Adaptors available to fit any 20 Litre drum

**F960-JAA**

# AIR OPERATED OIL PUMPS

## Air Operated Multi Fluid Pump

- Ideal for Oil, Anti-Freeze, Diesel, Screenwash etc
- Air Regulated variable flow control
- Anti drip nozzle

**PI050-AVT**

## Air Operated Oil Pump

- Double action piston pumps for transferring oil, grease and other non-corrosive liquids from drums and storage tanks

| 1:1        | 1 bar     | 1 bar        | *              |               | *              |              |               |
| 3:1        | 1 bar     | 3 bar        |                | *             |                | *            |               |
| 5:1        | 1 bar     | 5 bar        |                | *             |                |              | *             |

# AIR DIAPHRAGM PUMPS

## Waste Oil

- 3/4" BSP Aluminium

**06R61051**

## Oil

- 1" BSP Aluminium

**06R61047**

## Chemical

- 1/2" BSP Polyprop Body
- Available in different materials

**06R61081**

# ELECTRIC PUMPS

## 12V Petrol / Diesel Pump

- Portable pump used for refuelling petrol and or diesel machines

06R70237

## Oil Drum Transfer Kit

- Portable pump for transferring 208 Litre drums into bulk tanks, IBC's or smaller containers

2197-001

# FLUID MANAGEMENT

## Oil Monitoring System

- Complete fluid management system
- Can link to most dealer system

## Tank Alarm

- High/Low Level Alarm
- Suitable for Oil, Diesel and Bio-Diesel

06R70220

## Tank Level Indicator

- Digital contents gauge

06R70181

# WASTE OIL

## Waste Oil Collection Unit

- 95 Litre capacity
- Adjustable hopper
- Available with or without pump

2200-004 – with pump    2200-002 – without pump

## Low Profile Oil Drainer

- 80 Litre capacity
- Available with or without pump

F951-CAV – with pump    F951-RDU – without pump

## Wall Mounted Waste Oil Pump

- For emptying waste oil units
- Available with Piston or Diaphragm pump
- Pumps 25 Litres per minute

2200-500 – Piston Pumped Unit  
2203-001 – Diaphragm Pumped Unit

# MOBILE LUBRICATION

## 208 Litre Oil Dispenser

- 3:1 Air Pump
- 3 mtr hose and oil gun with digital meter

2129-005

## Mobile Lubricator Unit

- 1:1 Air Pump
- 80 Litre capacity
- Available with or without digital meter

2200-405

## Gear Oil Pump With Trolley

- Pump with hose and on/off valve
- Trolley and pump fit most drums
- Supplied with Trisure adaptor

F960-CAS

# REEL POSTS, REELS & METERS

## Reel Posts

- Modular systems
- Epoxy powder paint finish
- Custom made to order

## Hose Reels

- Cased hose reel
- 1/2" x 10m for oil
- 3/8" x 15m for air/water

F2032-AAA – Oil F2032-CAA – Air/Water

## Digital Flow Meters

- Commercial meter and oil gun with swivel and non drip flexi nozzle

2100-004

## K24 Chemical Meter

06R62023

# AdBlue®

## AdBlue® IBC Dispensing System

- Complete with air operated pump and auto shut off nozzle

2047-007

## AdBlue® DEF / UREA Pump

- 3 strokes per litre
- Supplied with hose kit, on/off tap and Trisure adaptor

0950-085

## Mobile AdBlue® Unit

- Mobile AdBlue® system with pump and auto shut off nozzle

2129-025
